Jolly Roger Regatta

All small boat skippers who are members of SCYA Yacht Clubs are invited to enter the Windjammers' YC Jolly Roger Regatta at Marina del Rey on Sunday, October 30.

The one-day regatta will consist of three races for centerboard boats under 20', with five boats forming a class, and provision for classes not formed to sail under Small Boat Arbitrary Handicap rules. Race courses used for the event will be those of Windjammers' YC Inside Race Chart #10.

Launch areas for the small boats will be at the public beach and at the L.A. County small boat ramp. First race will begin at 12 Noon, with classes starting of five minute intervals.

No entry fee is required. Entries will be accepted at the County launch ramp area until 11 a.m. Sunday, and at the starting line until 11:50.

PALOS VERDES YC Now In Sixth Year

Begun in 1961, the Palos Verdes YC now has 300 members, most of them residents of the picturesque peninsula area just south of Redondo.

Members' boats run the gamut of sizes in both power and sailing fleets. Commodore is Bob McJones.

This YC sponsors several races each season, among them the October Pram-On-The-Rocks and a November Centerboarder Race. It is also a prime mover in King Harbor's annual Christmas Parade.

Currently a "paper YC," with no clubhouse, it is actively pursuing possibilities for a temporary solution to this problem. Ultimate goal in this direction however is construction of a permanent facility at water's edge on the Palos Verdes coastline.

LIKE A PAGE FROM THE NAUTICAL PAST is the Lincoln Blvd. (Marina del Rey) shop opened last May by Roy and Billie Baier. Items for sale range from shackles to diesel engines to a 5' ship's wheel. None of the merchandise is new. Much of it is unique, some is one-of-a-kind—and browsers are always welcome.

Local Notice To Mariners

As a private aid to Santa Monica Bay mariners, a rotating beacon has been installed by Southern California Edison Company on top of its Redondo Beach Generating Station. (Approximate position Lat. 33° 50'57" N., Long. 118° 23'23" W.) The light displays a characteristic of Flashing White every 10 seconds with an intensity of 700,000, 180 feet above M.L.L.W. Light List Number 481 has been assigned to it.

Also a change to be added to L.L. #482.10, the Redondo Beach West Jetty Light on or about November 4, will give it a fog warning characteristic of one blast every 15 seconds.

BOAT DECORATOR Mary Beth McCall calls her new Marina del Rey shop the Salem Witch. From eight years of decorating beach houses at Malibu, a stint with a yacht broker to learn about boats, plus much research for suitable nautical materials, Miss "Midge" McCall now offers a highly qualified service to boat owners in need of advice about the upholstery, carpeting, curtains and accessories that contribute to interior and exterior boat decor.

PROTEST MEETING? Contrary to appearances, these fiberglass giants aren't making a sound. They're just standing there, in a manufacturer's backyard near Marina del Rey, looking somewhat bigger than life.
